

SWS-4000A

HEMODIALYSIS MACHINE

**Advanced Technology.
Better Outcomes.
Every Time.**

SWS-4000A is engineered for precision therapy, intelligent monitoring and unmatched reliability – empowering **nephrologists** to deliver the best possible outcomes for every patient.

Present in
200+ Cities
Across India

KEY FEATURES

ADVANCED DIALYSIS PERFORMANCE
Reliable and precise dialysis therapy with stable performance.

SMART TREATMENT MODES
HD, Sequential HD & IUF modes for flexible patient management.

TREATMENT DATA MANAGEMENT
Stores treatment data, alarms & disinfection records for easy review.

WATER & ENERGY SAVING TECHNOLOGY
Smart technology for water conservation and energy efficiency.

USER-FRIENDLY INTERFACE
Intuitive touchscreen interface for seamless and easy operation.

AUTO DIALYSATE FLOW SYSTEM
Optimized dialysate flow for efficient & effective treatment.

RELIABLE BACKUP POWER
Built-in back-up power support for uninterrupted treatment.

ONLINE REMOTE MONITORING READY
Remote access for monitoring and better service support.

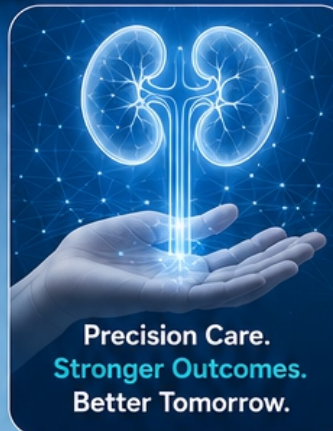

HIGH PRECISION & DURABLE DESIGN
High quality components for long-lasting and reliable performance.

ENHANCED SAFETY MONITORING
Real-time leak detection, alarms & multiple safety protections.

TREATMENT MODES

- HD, Sequential HD, IUF
- Self Test Facility
Fast, Normal & Skip
- Dialysate Flow
0, 300 – 800 ml/min
- Backup Power
Up to 40 Minutes

BENEFITS FOR NEPHROLOGISTS

Precise Control
Consistent & accurate treatment delivery

Better Patient Care
Improved outcomes and quality of life

Operational Efficiency
User-friendly design for smooth workflow

Data Driven Decisions
Comprehensive data for better clinical insights

Reliable Partner
Trusted support for your practice

MULTI-TREATMENT PROFILES
Sodium, Bicarbonate, UF, Heparin, Dialysate Flow & Temperature

AUTO DIALYZER PRIME & DRAIN
Safe and efficient priming & draining

ONLINE REMOTE MONITORING SYSTEM
Real-time support whenever needed

BPM | KTV ON-LINE
Advanced adequacy monitoring

BICARB HOLDER
Integrated holder for convenience
